

## Amenities

Our resort is nestled on the shores of one of the most pristine lakes in northern Wisconsin, Big St. Germain Lake! The lake is great for exploring, whether it's with a kayak, or aluminum boat, both available here!

During the day, the kids enjoy soaking up the rays from our sandy beach area that is raked daily.

Or they'll find fun at the playground. Get comfy in an Adirondack chair right off the beach, or have a picnic lunch at one of the log picnic tables from the water's edge.

Renting one of our boats for the week? No problem! Easily access your boat from our four large private piers. It will be tied up and waiting for you, just steps away!

Guests also enjoy campfires under the stars. The laughter and stories never end!

Best yet, our year-round resort is located in the heart of Vilas County, right off the beautifully groomed snowmobile trail, near over 50 miles of paved bike trails, ideally located for all types of recreation including; golfing, hiking, fishing, hunting, boating, festival going, *and more!*
